HYPERCHROMA INK

DTF FILM INKS

B-FLEX Italia HyperChroma DTF inks, water-based, ensure uniform printing, stability, and high productivity.

The formulation ensures a homogeneous transfer onto the film, limiting ink bleeding and micro-cracking, and reducing printer maintenance.

The range includes **C, M, Y, K** and two white inks: **Smooth White**, with low sedimentation, and **Magic White**, with no sedimentation. Prints are bright, stable, and soft to the touch, in line with B-FLEX quality standards, a technical reference in professional DTF printing.

RANGE FEATURES

- Compatible with all Epson printheads, including: DX5, DX7, XP600, I3200, I1600, L1800, XP600.
- Wash fastness guaranteed up to 60 °C
- Specifically designed for DTF printing and transfer cotton, linen, canvas, leather, nylon, and blended fabrics.
- Bright and uniform color output, with excellent adhesion to the film.

COLORED DTF INKS

- High productivity even during continuous printing cycles.
- Homogeneous transfer onto the film with controlled ink bleeding.
- Bright, uniform, and long-lasting color performance.
- Soft and lightweight final hand feel.
- Shelf life of the sealed packaging: 12 months

SMOOTH WHITE

- Low-sedimentation formulation.
- Slow sedimentation and high stability within the printing circuit.
- Up to 15 hours of stand-by without cleaning interventions.
- High opacity and good printing continuity.
- Shelf life of the sealed packaging: 12 months

MAGIC WHITE

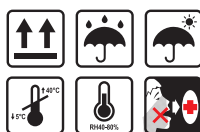

- FSediment-free formulation.
- Maximum ink stability within the printing system.
- Elimination of the risk of printhead clogging.
- Significant reduction in maintenance interventions.
- Shelf life of the sealed packaging: 18 months.

STORAGE

Inks must be stored in a clean, cool, and dry environment, at a temperature between **15 °C and 35 °C** and a relative humidity between **40% and 80%**. It is recommended to keep the containers away from direct sunlight and heat sources, and to keep them sealed when not in use.

WARNING: Shake well before use.
Avoid direct contact with eyes and skin.
Keep out of reach of children.
Dispose of the container and any product residues in accordance with local regulations in force.

This product complies with Reg (CE) n. 1907/2006 (REACH)

SAFETY INFORMATION

The data represent average values tested in our laboratory under normal environmental conditions. This information is provided without warranty. Due to variations in the film printing process, fabric manufacturing, and application methods, B-FLEX Italia S.r.l. recommends performing use tests prior to actual production.
